

"GET VILLA" IS LATEST WAR ORDER

Vague Order Given
Pershing Is Hard
to Understand

Army Officer Declares Villa Will Be
in Juarez Which is Only Sixty Miles
Away Within a Week.

STRENGTH OF VILLA CONTINUES TO GROW

By Carl D. Groat

Washington, Dec. 1.—(By United Press)—Orders to General Pershing to "Get Villa" were forwarded by army officials today. Officials said however that conditions on the border since Pershing's expedition began were so unsatisfactory that fresh orders may be forwarded from Washington within a few days before any move is made. On the other hand if opportunity presents itself he will land on Villa. Army men said that this would have to be a good opportunity. They added "if Villa puts his head into the lion's mouth it will close." But Villa is crafty and it is thought he will not follow up his victory at Chihuahua City by moving toward Juarez which is only 50 or 60 miles east of Pershing's forces.

CLEARFIELD WINS IN
GAME WITH STATE

In a spectacular game yesterday afternoon before the largest crowd of the season, Clearfield High swamped the State College High school football team 44 to 0. The score would have been larger by three touchdowns had the efforts of Cochrane counted. He put the ball over State High's goal line three times, but they were not allowed because, C. H. S. was off side twice and he ran out of bounds with the ball the third time.

S. C. H. S. was completely outclassed, Clearfield's first count coming 4 minutes and 35 seconds after the ball was put in play. It was made by Bowes on a forward pass. Twice during the game Bowes ran 60 yards through the whole team.

Flagal caught a punt and ran the length of the field for a touchdown. In a short time he repeated, but his interference got away from him and he was tackled, but not until he had made 46 yards. Every man on the team played a stellar game.

C. H. S. had hoped to have a game with Curwensville H. S. this year and earlier in the season tried to arrange a date with them, but could not fix things satisfactory to both parties. The last few weeks Curwensville has been talking quite a bit and spreading a report that Clearfield High is afraid to play them. Now, a look at the schedule and record of C. H. S. surely makes this idle talk. But in order to satisfy Curwensville, C. H. S. manager offered to play them tomorrow at Clearfield, as the Curwensville gridiron is just a pasture and very dangerous for a hard playing team.

The Curwensville manager then made the statement that C. H. S. should play them at Curwensville but as C. H. S. manager knew the condition of the Curwensville gridiron he refused to do that, but so that there could be no question of unfairness or reluctance to play, offered to play them anywhere on a good field. Curwensville's manager refused to do even that. So negotiations were closed. Draw your own conclusion.

Ferret Makes Thanksgiving Dinner of Schmidt's Prize Hens

Escapes from Post of Duty in Grocery Store and Creates Havoc Before Being Caught.

The R. C. Shaw Grocery company keep a ferret about their store cellar for the purpose of keeping the place clear of rats. Wednesday night, no doubt imbued with the spirit of the approaching Thanksgiving, Mr. Ferret decided to have a little poultry on his bill of fare. He accordingly slipped out of the cellar and made his way to Fritz Smith's chicken pen where he proceeded to feast on the

VILLA SLAUGHTERING THE
CHINESE

El Paso, Dec. 1.—Tuesday morning after his capture of Chihuahua City, Villa began slaughtering all the Chinese residents said refugees reaching here. More than 50 Chinese were murdered before they had fled, the refugees stated. With signs of such wanton slaughter little hope is entertained for the six Americans who were known to have been in Chihuahua City.

El Paso, Dec. 1.—(By United Press)—That Villa would be in Juarez within a week and will be moving toward the United States was the assertion of Major A. H. Williams of the Colorado National Guards who returned from the border today. The United States military authorities are making great preparation however to attack Villa said Major Williams. 25,000 troops are massed at El Paso ready to spring toward Chihuahua City. Major Williams declared that the administration at Washington for months has been cognizant of the growing strength of Villa in northern Mexico and have been concentrating the troops in El Paso in readiness for this contingency.

Defacto Troops Massing at Juarez. Carranza troops were being massed at Juarez just across the border today. The remnants of General Trevino's troops which arrived last night and early this morning were reorganized and given new equipment. General Gonzales defacto commander is getting troops in readiness in the north and south. In an official statement General Gonzales declared that the American embargo on ammunition was responsible for the fall of Chihuahua City. He stated "we are seriously hindered in our operations against the enemy by the embargo on arms by your government." There was a skirmish last night on the outskirts of Juarez but efforts by United States military authorities to learn the facts were unsuccessful. Natives believing it was Villa attacking the city fled in large numbers to the American side of the bridge. Carranza cavalry was hurried southward.

SIMON BAMBERGER

One of the curious results of the late election was the choice of Simon Bamberger, a Jew, as governor of Utah, which is controlled by the Mormon church. Mr. Bamberger is a wealthy merchant of Salt Lake City, where for many years he had been held in the highest respect. In Idaho, where the Mormons are powerful, Moses Alexander was elected governor some years ago.

NEW GRAIN STANDARDS
ACT IN FORCE

Washington, Dec. 1.—The new United States grain standards act, one of the important pieces of legislation enacted by the last Congress, comes into operation today. The vital feature of the act is uniform inspection of grain by Federal inspectors. Heretofore the inspection of grain has been under State supervision, and in many of the States there has been no inspection whatever. The Federal inspection will be in addition to uniform standards of quality and condition of corn, wheat and other grains.

For the purposes of administration of the new law the country has been divided into thirty-two districts. Headquarters of these districts will be established in the following cities which will have grading stations:

New York, Philadelphia, Boston, Buffalo, Baltimore, Pittsburgh, Nashville, Atlanta, Louisville, Cincinnati, Indianapolis, Toledo, Milwaukee, Cleveland, Detroit, Chicago, Galveston, Fort Worth, Minneapolis, Omaha, Duluth, Peoria, St. Louis, Kansas City, Memphis, New Orleans, Oklahoma City, Wichita, Denver, Portland Ore., Jacksonville, Fla., and Cairo, Ill.

Hunting Camp Notes

Hon. Frank Harris, reporting from the Game Warden's Camp reports a deer killed at Weilder Camp but was unable to give the name of the executioner. He also informed us that James Connelly got a deer at the Carns camp.

The Moss Leigey camp near the knobs reports one killed by a member of a Woodland party but did not yet know who done the deed.

View Point reports no killings but things are warm out there. About 3 p. m. a hunter came rushing in for more shells, saying he had downed a handsome buck, and thought he would get another crack at it.

From Pete Brown's camp we learn that Orvis Smith shot a nice buck near that camp.

No doubt there have been many more killings but the condition of the wires keeps us from getting in communication with all camps.

HUNT FOR MAN
WHO SAW N. Y.
STATE CRIME

State of California Being Combined for Camp Cook who can

WAS SEEN IN STATE OF IDAHO

Buffalo, Dec. 1.—(By United Press)—Somewhere in California is a man who saw the murder of Mrs. Agnes Teiper and her son, Frederick on the night of January 30, attorneys defending John Edward Teiper charged with the crime were told today. As a result search is being made for him along the north coast of California. This man according to Robert Romero, an Idaho mining engineer said that the last he heard from him was that he was a cook in a lumber camp at Fort Fragg. Romero declared that he talked with him at Nez Perces, Idaho, on March 9, and was told he and another man after having been foiled in attempt to rob a house on Orchard Park road came across Teiper's stalled auto and intended to rifle the car when they saw the double murder. Romero declared he has two letters from the man since he came east.

Stand Indemnity and Make
Amends if it is Her Fault

ASKS FOR MORE DETAILS

By Robert J. Bender
(United Press Staff Correspondent)
Washington, Dec. 1.—Germany will stand the indemnity for American lives lost when the steamer Marina was torpedoed, she offers to apologize and will punish the commander responsible for the deed if it is found the act was unjustified. This was offered to the state department today in Germany's formal reply to American inquiries regarding the sinking told in a visit between Secretary Lansing and Ambassador Von Bernstorff. Germany declares that her information on the details of the sinking is incomplete and asks for further details in the case. Germany contends however, that the one time use of the Marina as a warship palliates the offense.

The men were placed in jail for a hearing on the charge.

ANOTHER CHRISTMAS SUGGESTION.

Mary had a little lamb, she hitched it to a cart,
And in the cart she put some Seals, all ready to depart,
All day she sold her Red Cross Seals, to help the cause
along;
And having sold to great success, went homeward with a
song.

ON WITH THE CHASE

Once more orders have gone out to "get Villa." The usual string it attached to the order. Pershing is literally told that he is to take Villa only in case he finds him sleeping peacefully under a cacti and then he is to be removed from Mexico by a squad of United States soldiers attired in suitable clothing of which gum shoes is to be the principal article of attire. Washington further advises Pershing that fresh orders may be sent to him soon and in the meantime he can sit and wait for Villa to drop into the arms of sweet Morpheus. Don't worry about Villa snoozing beneath a cactus. We recall the Columbus affair when the United States soldiers were caught napping by the same gentleman. Villa probably never attended a musical comedy or a ripping three act farce but he must be having one good laugh at our expense.

SIGNS OF THE TIMES.

Thanksgiving turkeys went begging the day before the holiday both in Pittsburgh and Philadelphia. Speculators, caring not for the happiness of the people of small means, as usual bent all their efforts towards boosting prices to the last notch. People refused to buy and did right by doing so. In the smaller cities we are not face to face with these speculative conditions yet the high prices of the cities govern, to a large extent, the prices here. This was true this year in the local turkey market.

The early death of the alleged retail milk trust of Reading which appeared much in the public print recently is foreshadowed when J. G. Zeigler, the largest single retailer, announced that he will sell raw milk at eight cents a quart. Pasteurized milk stays at ten cents, but as most of the dealers there handle only raw milk, and all of it must conform to city standards, they will have to go back to eight cents if they wish to remain in business.

Everywhere people are refusing to buy those commodities which have advanced to high prices. Many contend that milk, eggs and meat and other articles of food are necessities and people must have them and will be compelled to buy regardless of price. This is true to a certain extent but there is a limit and that limit is reached when the prices are brought about by speculation and gouging.

SLINGSBY CASE UP AGAIN

London, Dec. 1.—The appeal of the celebrated Elingsby legitimacy case from the judgment of the court of appeals came up for hearing before the House of Lords today. The case has been before the public for several years and has attracted an equal amount of attention on both sides of the Atlantic.

The point at issue is whether an infant born in San Francisco and declared to be the lawful son of Charles R. Slingsby and his wife Dorothy is the rightful successor to the ancient and valuable Slingsby estate in Yorkshire. A California court ruled the child was the legitimate heir and the English court upheld that decision. The court of appeals, however, reversed this ruling in a decision handed down some months ago. It sustained the contention of Charles Slingsby's brothers, who introduced evidence to show that Teddy Slingsby was not the child of Charles and Dorothy Slingsby, but was obtained by them after an advertisement had been inserted in a San Francisco newspaper for a newborn male infant.

QUEEN ALEXANDRA 72 YEARS OLD

London, Dec. 1.—Queen Alexandra, whose popularity with the English people has never waned, reached her seventy-second birthday anniversary today, having been born at Copenhagen, December 1, 1844. During the day her Majesty received many presents and messages of greeting from members of the royal family and a large circle of friends. Officially the anniversary was observed with the customary salutes.

Queen Alexandra has been very constantly in town since the beginning of war, and has hardly ever left Marlborough House for the past two years, with the exception of a short stay at Sandringham. Like the King and Queen, her Majesty seldom lets a day pass without gracing by her presence some entertainment or exhibition organized in aid of one or the other of the war charities.

HAVE DARK HAIR AND LOOK YOUNG

Nobody can tell when you darken gray, faded hair with Sage Tea

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug-store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied.—It's so easy to use too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

Miss Carrie Hummel of Clearfield and her cousin Miss Mary Hummel of Blue Ball spent Thanksgiving with their uncle Alton Hummel of Curwensville.

Miss Julia Fackett who has been living at the Winter Inn left this afternoon to make her future home in Bellefonte.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts if your back hurts or Bladder troubles you

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally. Says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood and we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness, and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

WOMAN PROSECUTOR IN FRISCO

San Francisco, Cal., Dec. 1.—Two important additions to the San Francisco judiciary system come into existence today. The first is a night court, similar to those already established in some other cities. The second is a woman's court for the trial of women offenders exclusively. The woman's court will have a woman prosecutor, believed to be the first in the country. Mrs. Joan De Greayer has been appointed to the place by District Attorney Fickert. Mrs. De Greayer is a well known lawyer. For some time past she has served as head of the domestic relations bureau, where all cases dealing with neglected wives and child desertions are handled.

A good many deer hunters hid themselves mountainward yesterday in order to be on hand for the first day of the season. The Kelly camp contingent are well prepared, in the grub line, for a week's stay on the "barrens."

The wage troubles at the Bickford brick plant which started over a week ago, has been satisfactorily adjusted and work is moving along just as though nothing had occurred to mar the peaceful conditions of things between employer and employee. The coal teamsters also had matters fixed up and everything is serene along that line of work again.

The barber fraternity held a meeting last Thursday evening for the purpose of arranging a new schedule for their work. Among the most important items was the advance in shaving from 10 to 15 cents, including a neck shave. All shop owners agreed to stand by this agreement, but when the time came for signing the very one who was the first advocate for the advance, was the one who backed down, hence the old price of 10 cents prevails.

The formation of a Republican club is meeting with considerable progress. Already more than half a hundred names have been added to the petition, signifying a willingness to become members. The room will be fixed up with all of the modern conveniences, embracing telephone service extending to every district in the county.

The Thanksgiving sermon in the Baptist church yesterday morning by Rev. Hawkins, pastor of the Grace Lutheran church, was one of the best and instructive Thanksgiving discourses that has been delivered from that pulpit in many years. The congregation was not near so large as the sermon deserved, many other things happening in and around the town today church people's attention away from divine services. The lay was in this community when everybody laid aside the cares and busy toil and observed the day in a manner commemorating the action of the Pilgrim fathers in prayer and thanksgiving showered upon them for the year. Ever year, we as a people, seem to be getting farther and farther away from the original idea of the proper observance of Thanksgiving day.

NEW RULES ON SPIRITS IMPORTS

Washington, D. C., Dec. 1.—American importers of spirits from Great Britain have been notified by the department of agriculture that after today shipments offered for entry to this country will be refused admission unless accompanied by a certificate from British excise authorities that the goods meet the requirements of the English immature spirits (restriction) act of 1915. This act provides that no British or foreign spirits shall be delivered for home consumption unless they have been warehoused for a period of at least three years.

UNION SERVICES AT WOODLAND

The congregations of the Methodist and United Brethren churches at Woodland joined in a Thanksgiving service at Woodland yesterday morning. Rev. Rose of the M. E. church preached the Thanksgiving sermon which was a very able discourse. The collection amounted to \$9.65 which sum was donated to the Clearfield hospital.

HOT TEA BREAKS A COLD—TRY THIS

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once. It is inexpensive and entirely vegetable, therefore harmless.

Cleaning Velvet

THERE'S A RIGHT AND A WRONG WAY

When velvet is cleaned in the right way, the nap stands up as it did when the velvet was new. I've a new machine that will make velvet as "nearly" as new. Won't you let me prove it on a coat or dress?

ON THE SCREEN

"THE UNATTAINABLE"

Because Bessie Gale, an actress, made sure to protect herself from intrigue, she was known as "the unattainable" among the fast set that spends its leisure hours in pursuit of pleasure along New York's "Great White Way." Because she was left, accidentally, stranded among the foothills of the Sierra Nevada mountains, while on a theatrical tour, she met and married a real man, albeit he was a sheep herder. Because there came to Bessie the longing to see once more the "bright lights" and because she listened to the call of the stage, Bluebird Photoplays have been provided with an excellent scenario for "The Unattainable" the feature to be exhibited at the Opera House tomorrow evening.

"THE COMEBACK"

Special feature at the Globe Theater Tomorrow

This is the story of a young man with too much money and too much "white lights." Turned out by his father who has done everything in his power to make a man of him he goes to his father's lumbering operation in the Maine woods and by hard and persistent straightening recovers his manhood and physical power.

He discovers a plot whereby his father is being systematically robbed by the man in charge of the operation and makes him confess. In an encounter with the camp bully the son gives a good account of himself and makes a lasting friend. Of course, there is a beautiful woods girl in the little romance but she enters the scenario with so much grace and charm that you will like her the minute she appears. Suffice it to say that the young man makes good and returns to his father's house and reconciliation is effected.

See this great picture of the out-of-doors at the Globe tomorrow.

SEATS NOW ON SALE FOR

"Watch Your Step" a syncopated musical show in three acts; music and lyrics by Irving Berlin, book by Harry B. Smith, costumes by Helen Dryden, and staged by R. H. Burnside, will be the gala event in the Opera House, Monday evening. "Watch Your Step" is made up of a whirl of songs, dances and fun. There are graceful numbers galore and among these are introduced a series of varied and elegant satirical creations, startling and almost indescribable. The scenes are of the most lavish, and the many changes required in the course of the evening, kept the host of Broadway beauties very busy both on and off the stage. But the result justifies the labor, for the display is wonderful. Get your tickets early.

GOOD STENOGRAPHERS ARE SCARCE

A prominent Philadelphia business man made the above statement. There's a host of half-way stenographers. There's always a good position open for the rapid accurate writer. We teach the celebrated

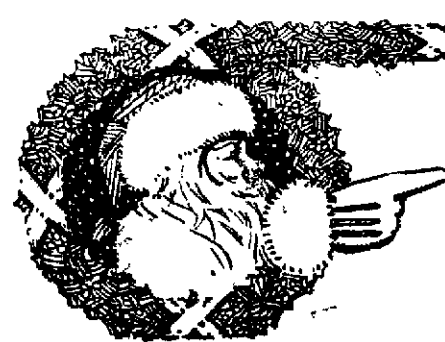

OSGOODBY SYSTEM

This has all the good features of the leading stenographic systems with the undesirable features eliminated. With this system you can acquire speed very quickly after you have mastered the first principles.

There is so much more of a future so much greater opportunity in the profession—so many places where the ability to write shorthand will lead to a much higher position, that I would be glad to have you call or write to me and I will gladly explain to you the merits of our system.

"GET VILLA" IS LATEST WAR ORDER

Vague Order Given
Pershing Is Hard

Army Officer Declares Villa Will Be
in Juarez Which is Only Sixty Miles
Away Within a Week.

STRENGTH OF VILLA CONTITUES TO GROW

By Carl D. Groat

Washington, Dec. 1.—(By United Press)—Orders to General Pershing to "Get Villa" were forwarded by army officials today. Officials said however that conditions on the border since Pershing's expedition began were so unsatisfactory that fresh orders may be forwarded from Washington within a few days before any move is made. On the other hand if opportunity presents itself he will land on Villa. Army men said that this would have to be a good opportunity. They added "if Villa puts his head into the lion's mouth it will close." But Villa is crafty and it is thought he will not follow up his victory at Chihuahua City by moving toward Juarez which is only 50 or 60 miles east of Pershing's forces.

CLEARFIELD WINS IN
GAME WITH STATE

In a spectacular game yesterday afternoon before the largest crowd of the season, Clearfield High swamped the State College High school football team 44 to 0. The score would have been larger by three touchdowns had the efforts of Cochrane counted. He put the ball over State High's goal line three times, but they were not allowed because, C. H. S. was off side twice and he ran out of bounds with the ball the third time.

S. C. H. S. was completely outclassed, Clearfield's first count coming 4 minutes and 35 seconds after the ball was put in play. It was made by Bowes on a forward pass. Twice during the game Bowes ran 60 yards through the whole team.

Flagal caught a punt and ran the length of the field for a touchdown. In a short time he repeated, but his interference got away from him and he was tackled, but not until he had made 46 yards. Every man on the team played a stellar game.

C. H. S. had hoped to have a game with Curwensville H. S. this year and earlier in the season tried to arrange a date with them, but could not fix things satisfactory to both parties. The last few weeks Curwensville has been talking quite a bit and spreading a report that Clearfield High is afraid to play them. Now, a look at the schedule and record of C. H. S. surely makes this idle talk. But in order to satisfy Curwensville, C. H. S. manager offered to play them tomorrow at Clearfield, as the Curwensville gridiron is just a pasture and very dangerous for a hard playing team.

The Curwensville manager then made the statement that C. H. S. should play them at Curwensville but as C. H. S. manager knew the condition of the Curwensville gridiron he refused to do that, but so that there could be no question of unfairness or reluctance to play, offered to play them anywhere on a good field. Curwensville's manager refused to do even that. So negotiations were closed. Draw your own conclusion.

VILLA SLAUGHTERING THE
CHINESE

El Paso, Dec. 1.—Tuesday morning after his capture of Chihuahua City, Villa began slaughtering all the Chinese residents said refugees reaching here. More than 50 Chinese were murdered before they had fled, the refugees stated. With signs of such wanton slaughter little hope is entertained for the six Americans who were known to have been in Chihuahua City.

El Paso, Dec. 1.—(By United Press)—That Villa would be in Juarez within a week and will be moving toward the United States was the assertion of Major A. H. Williams of the Colorado National Guards who returned from the border today. The United States military authorities are making great preparation however to attack Villa said Major Williams. 25,000 troops are massed at El Paso ready to spring toward Chihuahua City. Major Williams declared that the administration at Washington for months has been cognizant of the growing strength of Villa in northern Mexico and have been concentrating the troops in El Paso in readiness for this contingency.

Defacto Troops Massing at Juarez. Carranza troops were being massed at Juarez just across the border today. The remnants of General Trevino's troops which arrived last night and early this morning were reorganized and given new equipment. General Gonzales defacto commander is getting troops in readiness in the north and south. In an official statement General Gonzales declared that the American embargo on ammunition was responsible for the fall of Chihuahua City. He stated "we are seriously hindered in our operations against the enemy by the embargo on arms by your government." There was a skirmish last night on the outskirts of Juarez but efforts by United States military authorities to learn the facts were unsuccessful. Natives believing it was Villa attacking the city fled in large numbers to the American side of the bridge. Carranza cavalry was hurried southward.

NEW GRAIN STANDARDS
ACT IN FORCE

Washington, Dec. 1.—The new United States grain standards act, one of the important pieces of legislation enacted by the last Congress, comes into operation today. The vital feature of the act is uniform inspection of grain by Federal inspectors. Heretofore the inspection of grain has been under State supervision, and in many of the States there has been no inspection whatever. The Federal inspection will be in addition to uniform standards of quality and condition of corn, wheat and other grains.

For the purposes of administration of the new law the country has been divided into thirty-two districts. Headquarters of these districts will be established in the following cities which will have grading stations:

New York, Philadelphia, Boston, Buffalo, Baltimore, Pittsburgh, Nashville, Atlanta, Louisville, Cincinnati, Indianapolis, Toledo, Milwaukee, Cleveland, Detroit, Chicago, Galveston, Fort Worth, Minneapolis, Omaha, Duluth, Peoria, St. Louis, Kansas City, Memphis, New Orleans, Oklahoma City, Wichita, Denver, Portland Ore., Jacksonville, Fla., and Cairo, Ill.

The Woman's Auxiliary of the Clearfield hospital wish to thank the public generally for the generous response to their request for a Thanksgiving Donation. A report of all donations will be given at the meeting Wednesday, December 6th, but that the public may have some idea of the quantity received, we quote the following. Hunting Camp Notes

Hon. Frank Harris, reporting from the Game Warden's Camp reports a deer killed at Weilder Camp but was unable to give the name of the executioner. He also informed us that James Connelly got a deer at the Carns camp.

The Mose Leigey camp near the knobs reports one killed by a member of a Woodland party but did not yet know who done the deed.

View Point reports no killings but things are warm out there. About 3 p. m. a hunter came rushing in for more shells, saying he had downed a handsome buck, and thought he would get another crack at it.

From Pete Brown's camp we learn that Orvis Smith shot a nice buck near that camp.

No doubt there have been many more killings but the condition of the wires keeps us from getting in communication with all camps.

ASKS FOR MORE DETAILS

By Robert J. Bender
(United Press Staff Correspondent)
Washington, Dec. 1.—Germany will stand the indemnity for American lives lost when the steamer Marina was torpedoed, she offers to apologize and will punish the commander responsible for the deed if it is found the act was unjustified. This was offered to the state department today in Germany's formal reply to American inquiries regarding the sinking told in a visit between Secretary Lansing and Ambassador Von Bernstorff. Germany declares that her information on the details of the sinking is incomplete and asks for further details in the case. Germany contends however, that the one time use of the Marina as a warship palliates the offense.

ANOTHER CHRISTMAS SUGGESTION.

Mary had a little lamb, she hitched it to a cart,
And in the cart she put some Seals, all ready to depart,
All day she sold her Red Cross Seals, to help the cause
along;
And having sold to great success, went homeward with a
song.

ON WITH THE CHASE

Once more orders have gone out to "get Villa." The usual string it attached to the order. Pershing is literally told that he is to take Villa only in case he finds him sleeping peacefully under a cacti and then he is to be removed from Mexico by a squad of United States soldiers attired in suitable clothing of which gum shoes is to be the principal article of attire. Washington further advises Pershing that fresh orders may be sent to him soon and in the meantime he can sit and wait for Villa to drop into the arms of sweet Morpheus. Don't worry about Villa snoozing beneath a cactus. We recall the Columbus affair when the United States soldiers were caught napping by the same gentleman. Villa probably never attended a musical comedy or a ripping three act farce but he must be having one good laugh at our expense.

SIGNS OF THE TIMES.

Thanksgiving turkeys went begging the day before the holiday both in Pittsburgh and Philadelphia. Speculators, caring not for the happiness of the people of small means, as usual bent all their efforts towards boosting prices to the last notch. People refused to buy and did right by doing so. In the smaller cities we are not face to face with these speculative conditions yet the high prices of the cities govern, to a large extent, the prices here. This was true this year in the local turkey market.

The early death of the alleged retail milk trust of Reading which appeared much in the public print recently is foreshadowed when J. G. Zeigler, the largest single retailer, announced that he will sell raw milk at eight cents a quart. Pasteurized milk stays at ten cents, but as most of the dealers there handle only raw milk, and all of it must conform to city standards, they will have to go back to eight cents if they wish to remain in business.

Everywhere people are refusing to buy those commodities which have advanced to high prices. Many contend that milk, eggs and meat and other articles of food are necessities and people must have them and will be compelled to buy regardless of price. This is true to a certain extent but there is a limit and that limit is reached when the prices are brought about by speculation and gouging.

SLINGSBY CASE UP AGAIN

London, Dec. 1.—The appeal of the celebrated Elingsby legitimacy case from the judgment of the court of appeals came up for hearing before the House of Lords today. The case has been before the public for several years and has attracted an equal amount of attention on both sides of the Atlantic.

The point at issue is whether an infant born in San Francisco and declared to be the lawful son of Charles R. Slingsby and his wife Dorothy is the rightful successor to the ancient and valuable Slingsby estate in Yorkshire. A California court ruled the child was the legitimate heir and the English court upheld that decision. The court of appeals, however, reversed this ruling in a decision handed down some months ago. It sustained the contention of Charles Slingsby's brothers, who introduced evidence to show that Teddy Slingsby was not the child of Charles and Dorothy Slingsby, but was obtained by them after an advertisement had been inserted in a San Francisco newspaper for a newborn male infant.

QUEEN ALEXANDRA 72 YEARS OLD

London, Dec. 1.—Queen Alexandra, whose popularity with the English people has never waned, reached her seventy-second birthday anniversary today, having been born at Copenhagen, December 1, 1844. During the day her Majesty received many presents and messages of greeting from members of the royal family and a large circle of friends. Officially the anniversary was observed with the customary salutes.

Queen Alexandra has been very constantly in town since the beginning of war, and has hardly ever left Marlborough House for the past two years, with the exception of a short stay at Sandringham. Like the King and Queen, her Majesty seldom lets a day pass without gracing by her presence some entertainment or exhibition organized in aid of one or the other of the war charities.

HAVE DARK HAIR AND LOOK YOUNG

Nobody can tell when you darken gray, faded hair with Sage Tea

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug-store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied.—It's so easy to use too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

Miss Carrie Hummel of Clearfield and her cousin Miss Mary Hummel of Blue Ball spent Thanksgiving with their uncle Alton Hummel of Curwensville.

Miss Julia Fackett who has been living at the Winter Inn left this afternoon to make her future home in Bellefonte.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts if your back hurts or Bladder troubles you

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally. Says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood and we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness, and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

WOMAN PROSECUTOR IN FRISCO

San Francisco, Cal., Dec. 1.—Two important additions to the San Francisco judiciary system come into existence today. The first is a night court, similar to those already established in some other cities. The second is a woman's court for the trial of women offenders exclusively. The woman's court will have a woman prosecutor, believed to be the first in the country. Mrs. Joan De Greayer has been appointed to the place by District Attorney Fickert. Mrs. De Greayer is a well known lawyer. For some time past she has served as head of the domestic relations bureau, where all cases dealing with neglected wives and child desertions are handled.

Miss Marie Thomas spent yesterday with friends in Curwensville.

CURWENSVILLE NEWS

Holy communion services will be held in Grace Lutheran church on Sabbath.

Mrs. S. Russell returned to her home here Wednesday after a month's visit at West Point.

Bert Ammerman is the principal person of a fourth son, which came to bless his home on Wednesday afternoon.

Mrs. Mary Hudson and child, of Mt. Jewett, are spending several days at the home of Mr. and Mrs. J. LaPorte.

After the prayer meeting services Wednesday evening in one of the town churches the members tendered their pastor a Thanksgiving donation for a dinner.

Richard Carr Nicholson and Miss Viola May Turner, both of Grampian, were united in wedlock on Wednesday evening at the M. E. parsonage, by Rev. Max Lantz.

A large percentage of Curwensville stores closed their doors and took a holiday yesterday. Most of the industries gave their employees a day off in order that they might eat their "turkey" at leisure.

A daughter was born in the home of Mr. and Mrs. Kline Farwell, Ridge avenue, one day last week. A new daughter also made her appearance at the home of Mr. and Mrs. Frank Norris, near Lumber City at about the same time.

Miners at Nos. 19 and 20 mines, operated by the Peale, Peacock & Kerr company, suspended work as individuals Wednesday and are waiting for an answer to their request for an advance in mining from 75 cents to \$1.00 per gross ton.

A good many deer hunters hid themselves mountainward yesterday in order to be on hand for the first day of the season. The Kelly camp contingent are well prepared, in the grub line, for a week's stay on the "barrens."

A good many of the younger element of Curwensville men went to Clearfield and DuBois yesterday to witness foot ball games. The greater number went to Clearfield, however, to see the struggle on the gridiron between the State College and Clearfield squads.

The wage troubles at the Bickford brick plant which started over a week ago, has been satisfactorily adjusted and work is moving along just as though nothing had occurred to mar the peaceful conditions of things between employer and employee. The coal teamsters also had matters fixed up and everything is serene along that line of work again.

The barber fraternity held a meeting last Thursday evening for the purpose of arranging a new schedule for their work. Among the most important items was the advance in shaving from 10 to 15 cents, including a neck shave. All shop owners agreed to stand by this agreement, but when the time came for signing the very one who was the first advocate for the advance, was the one who backed down, hence the old price of 10 cents prevails.

The formation of a Republican club is meeting with considerable progress. Already more than half a hundred names have been added to the petition, signifying a willingness to become members. Only one dollar a year membership fee is asked, and that is a very small sum of money to pay out in return for the many benefits that will be extended in return. The room will be fixed up with all of the modern conveniences, embracing telephone service extending to every district in the county.

The Thanksgiving sermon in the Baptist church yesterday morning by Rev. Hawkins, pastor of the Grace Lutheran church, was one of the best and instructive Thanksgiving discourses that has been delivered from that pulpit in many years. The congregation was not near so large as the sermon deserved, many other things happening in and around the town today church people's attention away from divine services. The lay was in this community when everybody laid aside the cares and busy toil and observed the day in a manner commemorating the action of the Pilgrim fathers in prayer and thanksgiving showered upon them for the year. Ever year, we as a people, seem to be getting farther and farther away from the original idea of the proper observance of Thanksgiving day.

HOT TEA BREAKS A COLD—TRY THIS

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once. It is inexpensive and entirely vegetable, therefore harmless.

ON THE SCREEN

"THE UNATTAINABLE"

Because Bessie Gale, an actress, made sure to protect herself from intrigue, she was known as "the unattainable" among the fast set that spends its leisure hours in pursuit of pleasure along New York's "Great White Way." Because she was left, accidentally, stranded among the foothills of the Sierra Nevada mountains, while on a theatrical tour, she met and married a real man, albeit he was a sheep herder. Because there came to Bessie the longing to see once more the "bright lights" and because she listened to the call of the stage, Bluebird Photoplays have been provided with an excellent scenario for "The Unattainable" the feature to be exhibited at the Opera House tomorrow evening.

"THE COMEBACK"

Special feature at the Globe Theater Tomorrow

This is the story of a young man with too much money and too much "white lights." Turned out by his father who has done everything in his power to make a man of him he goes to his father's lumbering operation in the Maine woods and by hard and persistent straightening recovers his manhood and physical power.

He discovers a plot whereby his father is being systematically robbed by the man in charge of the operation and makes him confess. In an encounter with the camp bully the son gives a good account of himself and makes a lasting friend. Of course, there is a beautiful woods girl in the little romance but she enters the scenario with so much grace and charm that you will like her the minute she appears. Suffice it to say that the young man makes good and returns to his father's house and reconciliation is effected.

See this great picture of the out-of-doors at the Globe tomorrow.

There are graceful numbers galore and among these are introduced a series of varied and elegant satirical creations, startling and almost indescribable. Christmas is here again. The period of children's delight—the season of the year that brings youth and childhood to grown ups of all ages, and though the sight of Toyland will bring delight and happy faces and expressions of wonderment from the children it will also make the hearts of mothers can be had for, will be doubly welcome to mothers, fathers and friends.

Bring the children to Toyland. Let them roam and look with their great big eyes to their heart's content. Let them look with open-eyed amazement at the marvels of Toyland and let them tell you in their childish fascinating way just what they want for Christmas. Why, it is worth a special trip to the store to see them enjoy themselves and to hear what they have to say when they get back home. You owe it to them to bring them to this Joytown.

Let Them Shake Hands with Dear Old Santa Himself. Let them Come and Get a Free Gift from Santa.

And so we invite every child in Clearfield and miles around to visit Santa Claus and Toyland beginning Saturday, December 2nd. You and the children are welcome—doubly welcome.

HAVE COLOR IN YOUR CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two daily and note the pleasing results.
